INDUSTRIAL STORAGE BIN SERIES

DPA10

Industrial Stack & Nest Bin with Hanging Lip

Product Code: DPA10
Document Type: Technical Data Sheet
Dimensions (L×W×H): 159 × 100 × 73 mm

The **DPA10** is an industrial stack-and-nest storage bin that nests up to **70% when empty** and stacks securely on top of each other when loaded. Featuring a top rear hanging lip, it is fully compatible with louvre panels and suitable metal sheets for organized workstation and warehouse storage.

TECHNICAL & PHYSICAL SPECIFICATIONS

Parameter	Value	Description
Product Code	**DPA10**	Standard catalog reference
External Dimensions (L × W × H)	**159 × 100 × 73 mm**	Length × Width × Height
Raw Material	**PP (Polypropylene)**	Industrial-grade durable polymer
Internal Volume	**1.0 Liter**	Ideal for small parts & fasteners
Individual Load Capacity	**1 kg**	Single bin weight capacity
Stacking Load Capacity	**5 kg**	Total superimposed stacked load
Nesting Ratio	**~ 70%**	Space saving during empty storage & transit
Standard Color Options	**Grey, Blue, Black, Red, Yellow**	Supports visual inventory coding

PACKAGING & LOGISTICS DATA

Logistics Parameter	Value	Remarks
Box Quantity	**60 pcs**	Units per standard shipping carton
Box Size	**365 × 315 × 225 mm**	L × W × H
Box CBM	**0.026 m³**	Carton shipping volume

Functional Highlights: Equipped with a front label slot for clear part identification and a rear hanging rail designed for mounting onto louvre panels, slotted racks, or benchtop stacking.
